SafeSpace

SafeSpace, a 501c3 nonprofit organization, is a state-certified domestic violence center empowering the lives of survivors 24/7 and works to prevent domestic violence throughout the Treasure Coast. We are the local area experts in providing domestic violence services and offer a safe haven to survivors and their children as they seek refuge from physical and emotional abuse.

We are much more than just a crisis hotline and an emergency shelter. We empower individuals and communities to achieve safety and freedom from domestic violence by providing an extensive array of programs and services, including legal assistance, financial literacy training, emotional and mental health counseling, advocacy, community outreach, and prevention education. Always Free of Charge.
